

Technical data:

Material:

- PA, Polyamide 6/6, 94V-2 grade. inflaming retarding, good resist dissolve, good bounce impact force, Working Temperature: - 35°C to 120°C, short time is 140°C.
- Brass, screw is Iron plated zinc.
- Voltage: 250 - 450V
- Color: Natural color as standard
