High Definition Digital Receiver

USER MANUAL
Important Safety Instructions

1) Read these instructions.
2) Keep these instructions.
3) Heed all warnings.
4) Follow all instructions.
5) Do not use this apparatus near water.
6) Clean only with dry cloth.
7) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
8) Operate this product only from the type of power source indicated on the label. If you are not sure of the type of power connected to your home, consult your local power company. Disconnect the unit from the mains before any maintenance or installation procedure.
9) Protect the mains cord from damage and stress.
10) Only use attachments/accessories specified by the manufacturer.
11) Unplug this apparatus during lightning storms or when unused for long periods of time.
12) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, including damage to the mains cord or plug, if the unit has been exposed to liquid or moisture, has been dropped or is not operating correctly.
13) Do not impede the air flow into the unit by blocking the ventilation slots.
14) Attention should be drawn to the environmental aspects of battery disposal.
15) Use the apparatus in moderate climate.

WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

WARNING: The batteries shall not be exposed to excessive heat such as direct sun light, fire, etc.
This symbol indicates that dangerous voltages constituting a risk of electric shock are present within this unit.

This symbol indicates that there are important operating and maintenance instructions in the literature accompanying this unit.

This symbol indicates that this product incorporates double insulation between hazardous mains voltage and user accessible parts. When servicing use only identical replacement parts.

This symbol on the product or in the instructions means that your electrical and electronic equipment should be disposed at the end of life separately from your household waste. There are separate collection systems for recycling.

For more information, please contact the local authority or your retailer where you purchased the product.

## Package Contents

Before installation, please check the contents of the package. The package should contain the following items:

1. DVB-T TV Receiver
2. Remote Control
3. AAA Battery for the Remote Control

![DVB-T TV Receiver](image1.png)

![Remote Control](image2.png)

![AAA Battery](image3.png)

![User Manual](image4.png)
Front and Rear Panel

1. Front panel

1. POWER BUTTON: Push to turn on/off the main power supply.
2. CHANNEL DOWN: Used to change channels without using the Remote Control.
3. CHANNEL UP: Used to change channels without using the Remote Control.
4. REMOTE CONTROL SENSOR: Used to receive the signal from the Remote Control.
5. USB: For software upgrade and media playback.

2. Rear panel

1. RF IN: This socket connects to your external Aerial.
2. RF LOOP THROUGH: This socket will feed the RF signal to either your TV or another video system.
3. TV SCART
4. VIDEO: This socket outputs composite video signal.
5. COMPONENT VIDEO OUT: These sockets connect to your TV component input terminals.
6. AUDIO L/R: These sockets output Analog Audio L/R signal.
7. HDMI: High definition audio and video output used to connect to a HDMI device.
Remote Control

POWER: Switch the receiver in and out of Standby mode.

<0>-<9>: Numeric keys.

CH-/CH+: Program changing keys.

MENU: Display main menu on TV screen, and press again to disappear menu.

OK: To confirm current setting, or display all programs in no-menu mode.

VOL-/VOL+: To increase / decrease volume.

: Press to move the cursor

EPG: Shows the Electronic Program Guide.

FAV: Displays your favorite channels list.

Press FAV again to access to the other favorite lists.

V-FORMAT: Switch the HDMI 720P and 1080i.

RECALL: Go back to the previous viewed channel.

Red/green/yellow /blue: Use to navigate between pages in teletext mode.

TTX: Switch on Teletext, if current channel has this option, and use EXIT key to quit Teletext.

SUBTITLE: Display subtitle options (availability depends on the channel).

LANG: Change the Audio language and Left/Right channel (availability depends on the channel).

EXIT: Use this key to quit current menu.

INFO: Display information about the current channel.

TV/RADIO: Switch between Digital Radio and DVB-T modes.

MUTE: To navigate inside the menus.

PAGE+/PAGE -: To navigate inside the menus.

TIMESHIFT: See page 16

Multimedia keys:

PLAY PAUSE STOP REC
Installing the Batteries
Remove the battery cover from the rear of the Remote Control and place 2xAAA size batteries inside the compartment. Please make sure the battery polarities match the polarity markings inside the compartment.

1. Open the cover  
2. Install batteries  
3. Close the cover

Using the Remote Control
To use the Remote Control, point it towards the front of the Digital Set Top Box. The Remote Control has a range of up to 7 metres from the Set Top Box at an angle of up to 60 degrees.

The Remote Control will not operate if its path is blocked.

Sunlight or very bright light will decrease the sensitivity of the Remote Control.
Connecting to a Television

For a basic connection from your Set Top Box to the television, use the Composite connection outlined below.
For a higher quality connection, use the Component Video connection outlined below combined with the Composite Audio Connection.
For the highest quality connection use a direct HDMI connection, see below.
Connecting to an Audio System

Diagram showing connections between a television and an amplifier.
Connecting to a DVD Recorder or VCR

- **TV Aerial**: Connects to the antenna for receiving TV signals.
- **RF IN**: Used for connecting the antenna or RF modulator.
- **AUDI/O VIDEO OUT**: Connects to the audio/video output of the DVD recorder or VCR to record different channels.
- **AUDI/O VIDEO IN**: Connects to the audio/video input of the DVD recorder or VCR to enable recording of the digital channel you are watching.

Diagram showing connections to a DVD recorder or VCR and a monitor.
First Time Installation

After all connections have been made properly, switch on TV and make sure the unit is connected to the Main Power. Press Power button to switch the unit on. If you are using the unit for the first time or have restored the unit to Factory Default, the Installation Guide Menu will appear on your TV screen.

1) [OSD Language] press RIGHT/LEFT key to select a language.
2) [Country] press RIGHT/LEFT key to select your country of residence.
3) [Channel Search] press RIGHT or OK key to begin Automatic channel search.
4) Once channel tuning is complete, you can start watching TV programs.

Basic Operation

1) Program Manage Settings
To access the Menu, press the MENU button and select [Program]. using the RIGHT/LEFT keys to navigate through the menu. The Menu provides options to adjust the Program Manage Settings. Select an option and press OK or RIGHT to adjust that setting. Press the EXIT button to exit the Menu.
(a) Program Edit
To edit your program preferences (lock, skip, favourite, move or delete), you will need to enter the Program Edit Menu. This Menu requires a password to access. Enter the default password '000000'. The master unlock password is '888888'.

Set Favourite Channels
You can create a shortlist of favourite programs that you can easily access.
Set Favourite TV or Radio program:
1. Select your desired channel then press the FAVOURITE button.
   A heart-shaped symbol will appear and the channel is marked as a favourite.
2. Repeat the previous step to select more Favourite channels.
3. To confirm and exit the Menu, press the EXIT key.

Disable Favourite TV or Radio Channel:
Select the Favorite channel and press Favorite button on the remote control to cancel.

View Favourite Channel
1. While in normal viewing mode, press Favourite button and the Favourite Menu will appear.
2. Press UP/DOWN to browse through your Favourite Channels.
3. Press OK to select your favourite channel.

Delete a TV or Radio Program
1. Select the Program and then press the BLUE button.
   A warning message will appear. Press OK to delete the channel.
2. Repeat the previous step to select more channels to delete.

Skip TV or Radio Channel
1. Select the channel you would like to skip and press the GREEN button.
   A skip symbol is displayed. The channel is marked as a skip.
2. Repeat the previous step to skip more channels.
3. To save your settings and exit the menu, press EXIT key.

Disable the Skip Channel function:
Select the Skip channel and press the GREEN button on the remote control to cancel.
Move a TV or Radio Program
1. Select the preferred channel then press the RED button. A move symbol will appear.
2. Press UP/DOWN to move the channel.
3. Press OK to confirm.
4. Repeat the above steps to move more channels.

Lock Program
You can lock selected programs for restricted viewing.
Lock a TV or Radio channel:
1. Select the preferred channel then press the YELLOW button. A lock-shaped symbol is displayed. The channel is now marked as locked.
2. Repeat the previous step to select more channels.
3. To confirm your settings and exit the menu, press the EXIT button.
4. Press the YELLOW button to disable the locked channels function.
5. To view the locked channels, you will be required to enter either the default password '000000' or your last set password. The master unlock password is '888888'.

(b) EPG (Electronic program guide)
The EPG is an on-screen TV guide that shows scheduled programs seven days in advance for every tuned channel. Press the EPG button on the Remote Control to access the guide.

You can use the UP/DOWN key to select the preferred program. If there is more than one page of information, use the BLUE button for page up and the YELLOW button for page down.

Press "OK" button to schedule a recording as long as you have connected a USB device to the unit. You can check the settings in the schedule menu that appears and then press "OK" to register scheduled recording. During recording you can only use Volume and Stop keys of the remote control.

You can start a non scheduled recording any time by pressing REC button, as long as you have already connected a USB device to the unit.
(a) Resolution
You can change this setting if the picture resolution does not appear to be correct. This setting is to match the most common setting for HDMI.

- [480P]: for NTSC TV system.
- [576P]: for PAL TV system.
- [720P]: for NTSC or PAL TV system.
- [1080I]: for NTSC or PAL TV system.

(b) TV Format
If the picture does not appear to be correct you can change this setting. This should match the most common setting for TVs in your country.

- [NTSC]: for NTSC system TV.
- [PAL]: for PAL system TV.

(c) Sort
Sort your channels from the following options:

- [By LCN]: Sort the channels in ascending order.
- [By Service Name]: Sort the channels in alphabetical order.
- [By Service ID]: Sort the channels according to the station.
- [By ONID]: Sort the channels according to ONID.

(d) LCN (Logical channel number)
Set LCN on or off.

(2) Picture Setting
To access the Menu, press MENU then select [Picture] using the RIGHT/LEFT key. The Menu provides options to adjust the video settings. Press UP/DOWN to select an option and press RIGHT/LEFT to adjust that setting. Press EXIT to exit the menu.
(3). Channel Search
To access the menu, press MENU and select [Search Channel] using the
RIGHT/LEFT keys.
This Menu provides options to adjust the Search Channel settings.
Press UP/DOWN to select an option and press RIGHT/LEFT to adjust the settings.
Press EXIT to exit the Menu.

(a) Auto Search
This option will automatically search for channels and save them once the
scanning is complete. All previously saved channels and settings will be deleted.
1. Select [Auto Search] and press OK or RIGHT to start channel search.
2. To cancel channel search, press EXIT. Any channels that have been found
will be saved.

(b) Manual Search
This option allows you to scan for new channels without deleting previously
saved channels and settings.
1. Select [Manual Search] then press OK or RIGHT. The channel search
screen will appear.
2. Press the RIGHT/LEFT key to select the channel frequency.
3. Press OK to start searching channels.
   If a channel is found, it is saved and added to the channels list. If channels cannot
   be found during searching, the unit will exit automatically.

(c) **Country**
Select your country of residence.

(d) **Antenna Power**
Enable Antenna Power if an external active antenna is connected.

(4) **Time Setting**
To access the Menu, press MENU then select [Time] using the RIGHT/LEFT
keys. The Menu provides options to adjust the time settings.
Press UP/DOWN to select an option and press RIGHT/LEFT to adjust the
settings. Press EXIT to exit the menu.

(a) **Time offset**
Select auto or manual for GMT offset adjustments.

(b) **Country Region**
Select the Country Region when [Time Offset] is set to Auto.

(c) **Time Zone**
Select the Time Zone Offset when [Time Offset] is set to Manual.

(5) **Option**
To access the Menu, press MENU and select [Option] using the RIGHT/LEFT
keys. The menu provides options to adjust the OSD Language,
Subtitle Language and Audio Language.
Select an option and press RIGHT/LEFT to adjust the setting.
Press EXIT to exit the Menu
(a) OSD (On Screen Display) Language
Select an OSD language.

(b) Subtitle Language
Select the preferred subtitle language.

(c) Audio Language
Select the preferred audio language for watching TV channels.
If the language is not available, the default program language will be used.

(6). System Setting
To access the Menu, press MENU and select [System] using the RIGHT/LEFT keys. The menu provides options to adjust the system settings.
Press the UP/DOWN key to select an option and press RIGHT/LEFT to adjust the setting. Press EXIT to exit the Menu.

(a) Set Password
Set or change the password for locked programs. Enter your old password or the default password '000000'. You will then be asked to enter your new password. Press OK button to confirm your new password.
Once it is confirmed, press EXIT to exit the Menu. The master unlock password is '888888'.
(b) Restore Factory Default
Reset your Set Top Box to the Default Factory Settings.
In Main Menu select [Restore Factory Default] using the RIGHT/LEFT keys
and press OK or RIGHT to select. Enter your password or the default password
'000000' and press OK to confirm. This option will delete all preset channels
and settings. The master unlock password is '888888'.

(c) Information
View model, hardware and software information.

(d) Software update
If the status is set 'ON', it will scan new software from broadcast according to
your preferred time in "Start time".

(e) Start Time
This is the time that the unit will scan for software updates.

(7). USB
To access the Menu, press the MENU button and select [USB] using the
RIGHT/LEFT keys. The menu provides options to playback Music, Photo and
Multimedia files. It can support AVI, MP3, WMA, JPEG and BMP formats.
The unit will only support USB device with FAT32 file system.
It will not support NTFS file system.

(a) Multimedia: When a USB device is attached you can select from the Music,
Photo or Movie options in this menu using the RIGHT/LEFT keys and OK to
select. If a USB device is not connected, the warning message "No USB device
is Found" will appear.
(b) Photo configure:
- **Slide Time**: adjust slide show interval to 1~8 seconds.
- **Slide Mode**: adjust slide show effect as mode 0~59 or random.
- **Aspect Ratio**:
  - [Keep]: Play picture in its original aspect.
  - [Discard]: Play picture in full screen mode.

(c) Movie Configure:
- **Aspect Ratio**:
  - [Keep]: Play movie in its original aspect.
  - [Discard]: Play movie in full screen mode.
- **Subtitle Specific**:
  - [Small]: Displays the subtitle as small mode.
  - [Normal]: Displays the subtitle as normal mode.
  - [Big]: Displays the subtitle as big mode.
- **Subtitle BG**:
  - [White]: Displays the subtitle in white background.
  - [Transparent]: Displays the subtitle in transparent  background.
  - [Grey]: Displays the subtitle in grey  background.
  - [Yellowgreen]: Displays the subtitle in yellowgreen  background.
- **Subtitle Font Color**:
  - [Red]: Displays Subtitle in red font.
  - [Blue]: Displays Subtitle in blue font.
  - [Green]: Displays Subtitle in green font.

(d) USB PVR Configure:
The most unique feature on your is its ability to record live TV. There is two ways you can go about this the first is to simply connect a USB storage device to your and press the record button on the remote. The other way is to schedule a program to record using the blue button.

To schedule a recording follow the below steps:
Press the blue button on the remote.
Press the red button to edit.
Highlight the yellow you wish to setting start-time, end-time,channel No.
Press the OK button
Press the EXIT button
The schedule window will be displayed with a number of options. You will be able to select from the following two options:

- Mode: View or Record

Once you have made your selections press the enter key to confirm the recording time slot.

If at anytime you wish to delete a Scheduled recording event, you can press the blue button to view the list of scheduled events. Use the arrow keys on the remote to highlight the event you wish to delete then press the blue button to delete it.

The recording files can be deleted on this unit, you can go to the PVR, and press yellow button to delete it. The TV program is recorded to file at .PVR format, which can be played back on this unit and PC using a suitable player, but can not be played back on DVD or PDVD

For recording the high definition TV programs, the version of USB device should be 2.0 or above, otherwise the unit may not record the HD programs correctly.

When recording to USB stick or external hard disc on this model, you have to wait a few seconds before pushing rec. after inserting the media. Otherwise the unit can freeze in the signal. If that happens, then please take off power and connect again to fix this.

Note:
Scheduled recording only works when the unit power is on, it can not work when the unit is standby.

Note:
- We cannot guarantee compatibility (operation and/or bus power) with all USB mass storage devices and assume no responsibility for any loss of data that may occur when connected to this unit.
- With large amounts of data, it may take longer for the system to read the contents of a USB device.
- Some USB devices may not be properly recognised.
- Even when they are in a supported format, some files may not play or display depending on the content.

(e) Timeshift

1 Press [Record] key first, then press [Timeshift] key; the timeshift function is on.
2 If set time shifted “On”, it will time shift the program when user watch TV.
3 Press [Info] key to see time shift OSD as below:

4 You can press [Left/Right] to move the slide to left or right. But can not exceed the current time. Press [OK] key to play the point where the slide is.

5 You also can press [Pause]/[fast forward]/[fast back] can realize these function. Then it will enter the mode which is playing the recorded program on HDD. (like the picture below) Then you can do pause, fast forward, fast back.

Notes: Time Shifting will only be available when USB HDD is connected to system and read/write speed is high enough to do that.

6 Press [Stop] key first time to end the playing mode. Press [Stop] key second time to stop the recording.

Notice about recycling

Your product is designed and manufactured with high quality materials and components which can be recycled and reused. This symbol means that electrical and electronic equipment, at heir end-of-life, should be disposed of separately from your household waste. Please dispose of this equipment at your local community waste collection/recycling centre. In the European Union there are separate collection systems for used electrical and electronic products. Please help us to conserve the environment we live in!

Declaration of Conformity
This product complies with the requirements of the following directives:
Low Voltage Directive (LVD): 2006/95/EC
the above directives declare that the DVB-T set top box is in compliance with following standards:
EN61000-3-2:2005
EN55020:2007
ISO/IEC 17025
COMMISSION REGULATION (EC) No 107/2009
